

## HAND OPERATED HYDRAULIC CABLE CUTTER Ø24MM

Cable cutter robust double speed equipped with a spare blade.

Manual hydraulic cable cutter :

- Robust head that cuts steel wires.
- Rotating head 180° for easy handling.
- Head opening by locker for fast access to the cutting area.
- Automatic double speed when pressure build.
- Spare cutting blade lodged into the handle.

### Characteristics

|                                   |                            |
|-----------------------------------|----------------------------|
| Cutting diameter                  | Ø 24 mm                    |
| Force                             | 78 kN                      |
| Operating pressure                | 70 MPa (700 bars)          |
| Piston retraction                 | Trigger + Pressing handles |
| Dimensions L x l x h              | 435 x 60 x 125 mm          |
| Weight                            | 4,2 kg                     |
| Bag                               | Canvas bag                 |
| Cutting capacity Cu & Al & ACSR   | Ø 24 mm                    |
| Cutting capacity soft steel cable | Ø 20 mm                    |
| Cutting capacity reinforcing rod  | Ø 16 mm                    |
